

GREATER HOPE FOUNDATION

March 11, 2016

Dear My Stuff Bags Foundation,

My Stuff Bags, you are amazing! As a Treatment Foster Care and Adoption Agency, we have seen the need for foster homes increase significantly. Last year alone, we provided homes to more than 800 children and we can't do it without the support of organizations like yours.

Every child that comes into our Agency is a recipient of your generous donation. The Leader family comes to mind when I think about the impact you have had with our Agency and our youth. In February of last year, we received a call to place 9 children from one family. Our team of social workers gathered the My Stuff Bags and drove to the police station to pick them up. Walking into the station, we discovered that their only possessions was what they were wearing. With your help, we were able to give them all something. My Stuff Bags Foundation is always there for us to extend the helping hand to our children in need at a crucial moment.

It is always heartwarming when we are surprised with a donation, but it is the continued support and loyalty of people and companies such as My Stuff Bags Foundation that we have learned to depend and count on.

Thank you from all of us at Greater Hope Foundation.

Sincerely,

Helena Smith MBA JD
Executive Director
